

World Vets Student Ambassador Application

Before filling out and submitting this application, please read the following to make sure you qualify for a potential World Vets student ambassador position:

World Vets has launched a Student Ambassador Program to help inform students about international volunteer opportunities available through our organization. Students who are eligible to apply for a World Vets student ambassador position are those who are *currently enrolled* either in a veterinary school, pre vet and/or veterinary technician program, and have participated on at least one World Vets trip or have registered for one. We evaluate and select student ambassadors for the new academic year during the summer months (June – August). Applications must be received by this time in order to be considered for the upcoming academic year.
